Machinjio Vingunguti kukamilika Oktoba

Na Mary Geofrey

UJENZI wa machinjio ya kisasa ya Vingunguti, umefikia asilimia 90 na unatarajiwa kukamilika mwishoni mwa mwezi Oktoba, mwaka huu na kuanza kutumika rasmi.

Kwa sasa kazi inayoendelea ni kusimika mashine na mitambo mbalimbali ikiwamo ya kuchinja ng'ombe na kupooza nyama inayochinjwa.

Katibu Mkuu, Ofisi ya Rais, Tawala za Mikoa na Serikali za Mitaa, Joseph Nyamhanga, aliyaeleza hayo jana jijini Dar es Salaam, alipofanya ziara katika machinjio hayo ili kufahamu maendeleo ya mradi huo wa kimkakatii.

Alisema kukamilika kwa mradi huo kutawezesha kapatikana kwa nyama yenye ubora ikilinganishwa na machinjio ya awali na kupatikana kwa ajira za kudumu 300 na za muda 3,000.

Alisema pia machinjio hayo itakayokuwa na uwezo wa kuchinja ng'ombe 3,000 kwa awamu tatu kwa siku, itawezesha kukusanya mapato ziadi ya Sh. bilioni 3.4 kwa mwezi. Aliiagiza Halmashauri ya Wilaya ya Ilala, kumtafuta msimamizi wa mradi huo pamoja na kuandaa utaratibu wa aina ya ng'ombe wa kuchinja watakaokuwa na ubora unaokubalika.

Pia alitembelea mradi wa soko kuu la kisasa la Kisutu na kuagiza mkandarasi kukamilisha ujenzi wake ndani ya miezi miwili.

Aliiagiza pia halmashauri ya wilaya hiyo, kuanza kufanya maandalizi ya uendeshaji wa soko hilo ili litakapokamilika lianze kufanya kazi haraka.

HABARI LEO UK 12

Makamu wa Rais, Samia Suluhu Hassan, akiangalia mazalio ya samaki alipotembelea banda ya JKT katika Viwanja vya Maonesho ya Nanenane, Nyakabindi mkoani Simiyu

Siku 10 za maonesho ya Nanenane zilivyoboresha maisha

Na Ikunda Erick

SIKU 10 za Maonesho ya Wakulima 2020 ya Kilimo, Mifugo na Uvuvi yaliyofanyika kitaifa katika Viwanja vya Nyakabindi Bariadi mkoani Simiyu zimeacha kicheko kwa wananchi walioitumia vizuri fursa ya kufanyika kwa maonesho hayo katika eneo hilo.

Nilikuwa mmoja mwa waliohudhuria maonesho hayo nikiwa kwa nafasi yangu kuhabarisha umma unapata habari mbalimbali muhimu za maonesho hayo. Nikapata fursa ya kujifunza na kujionea mambo mengi ya maendeleo yanayofanyika nchini.

Kimsingi, safari kutoka Dar es Salaam kwenda Bariadi mkoani Simiyu si ndogo. Hii ni safari ya umbali mrefu wa takriban kilomita 1,100 kwa njia fupi ya kupitia mkoani Shinyanga inayotumia muda wa saa 14 hivi, au zaidi.

Safari hiyo sikuwa peke yangu, niliongozana na wafanyakazi wenzangu kuelekea Bariadi na tulianza safari Julai 31, alfajiri ya saa 12, katika Stendi ya Mabasi ya Ubungo jijini Dar es Salaam.

Tulisafiri kwa mwendo wa kawaida mzuri huku dereva akichukua tahadhari zote za barabarani, na kadri tulivyosonga ndivyo muda nao ulikuwa unakimbia. Tulifika Shinyanga saa nane usiku.

Hatukulala Shinyanga, bali tuliendelea na safari kuelekea Bariadi mkoani Simiyu umbali wa takriban kilomita 160. Tulitumia muda wa safari saa tatu.

Agosti Mosi, saa 11:03 alfajiri, tukaingia stendi ya Bariadi na kukuta pilikapilika za abiria waliosafiri siku hiyo kwenda maeneo mbalimbali ya nchi.

Baada ya kufika, tulikodi usafiri kuelekea hoteli tuliyofikia na kwa kuwa maonesho yale yalikuwa ya kitaifa, ugeni ulikuwa mkubwa kiasi kwamba nyumba za kulala wageni hazikutosha kuwahudumia wageni wote hivyo iliwalazimu wengine kulala wilaya na miji ya jirani ikiwemo Maswa, Lamadi, Dutwa na maeneo mengine.

Licha ya changamoto za hapa na pale katika safari hiyo maongezi mwa vitu vingi nilivyojifunza mbali na umbali wa eneo unalokwenda, pia nilijifunza namna miundombinu ya barabara, reli na viwanja vya ndege ilivyoboreshwa kwa kiwango kikubwa ukilinganisha na miaka iliyopita.

Hayo ni mafanikio yaliyobadilisha maisha ya wengi na kurahisisha kufungua fursa mbalimbali zikiwemo biashara zinazofanyika pembezoni mwa barabara zikichangia kukuza uchumi wa mtu mmoja mmoja jamii hadi taifa.

Ni kwa maingu hao pamoja na urefu wa safari, Watanzania tuna kila sababu ya kujivunia mabadiliko na hatua kubwa ya mafanikio na maendeleo yaliyofikiwa kwani kwa umbali huo wa zaidi ya kilomita 1,100 sehemu kubwa ya barabara ni za lami na kipande kidogo ndicho barabara ya vumbi ambacho nacho kinaendelea na ujenzi kuwekewa lami.

Hayo ni mapinduzi kwani awali kwa umbali huo, wananchi na wakazi wa mkoa huo na mikoa mingine nchini walilazimika kutumia zaidi ya siku hata tatu njiani.

wakisafiri lakini leo hii uhakika wa kufika kwa wakati upo japo ni mbali.

Bariadi ikachangamka zaidi, na ule usemi wa karibu mgeni, mwenyeji apone, ukatumika vilivyo. Bei ya vitu iliongezeka, zikiwamo huduma za malazi, vinywaji licha ya uongozi wa mkoa huo kupita wakiwataka wamiliki hao kutoongeza bei.

Neema ikawashukia baadhi ya wananchi walioitumia vizuri fursa ya maonesho hayo, kwani baadhi wametoa ushuhuda kwa kusema ndani ya siku 10 za maonesho, wameweza kufanya mambo makubwa ya kimaendeleo.

Mmojawapo ni dereva Bajaji, aitwaye Peter Mabula, ambaye mara nyingi nilikuwa nikimtumia kusafiri kurudi hotelini kutoka stendi jioni baada ya kumaliza kazi.

Peter anasema ameweza kununua mifuko 70 ya saruji ndani ya siku hizo 10.

"Nashukuru nimetumia fursa ya maonesho haya vizuri, japo ilinilazimu kuamka alfajiri kupeleka watu viwanja vya maonesho, lakini nilikuwa na jambo langu moyoni, fedha niliyopata niliiweka hadi leo (Agosti 10,2020) nimenunua mifuko 70 ya saruji itanisaidia kwa ujenzi wa nyumba yangu," anasema.

Kwa mujibu wa Peter, kwa mtu makini na aliyejipanga vizuri, maonesho hayo yana faida kwa sababu yalikuwa na fursa nyingi.

Anasema fursa hizo ni pamoja na kutoa huduma za usafiri, kuuza vyakula na vinywaji, wengine ya kuuza kuku, kutafuta na kupata masoko ya bidhaa mbalimbali na hata kufanya usafi katika mabanda ya washiriki.

Kauli ya Peter ilinigusa, kwani anasema kwa Bariadi mfuko mmoja wa saruji unauzwa kati ya shilingi 17,000 hadi 18,000 hivyo kwa mifuko hiyo 70 aliyofanikiwa kununua, ni wazi kwamba huduma ya usafiri aliyotoa ilikuwa 'inalipa'.

Mwingine ni Lameck Masalu, mkulima mfugaji wa kuku eneo la Nyakabindi wilayani Bariadi anayesema maonesho hayo yamemnufaisha kwani hakutarajia kama angepata fedha kutokana na kuuza kuku.

"Mimi ni mkulima, lakini nafuga pia kuku. Naishi Nyakabindi. Maonesho haya yamenifanya ningepata mapema, ningefuga kuku wengi zaidi.

Nilikuwa na kuku kama 50 nimeuza kuku 35, wengine nimewaacha waendelee kutaga na kuzaliana na pia wengine wa mboga nyumbani," anasema Masalu.

Akielezea jinsi alivyouza kuku hao, Masalu anasema, siku za mwanzo alikuchukua kuku wake watatu, akawa anatembea nao katika viwanja hivyo vya maonesho na akafanikiwa kuwauza wote kwa watu tofauti. Kuku mmoja aliuzwa kati ya Sh 12,000 hadi 14,000.

"Kuku walikuwa wakubwa, mama kuku wa kienyeji huku kwetu huna chakula kingi wanajitafutia wenyewe wanashiba vizuri, siku za mwanzo niliuza kuku kwa bei ya Sh 11,000 lakini baada ya siku mbili nikawaona wateja kuku ni wakubwa, ndio nikafanya bei ya Sh 14,000 na kweli wakanunua na nikapewa oda nyingine na ndiyo hivyo nikauza

kuhudumia viziwi

gumza kwa alama na wewe mtoa huduma, humwelewi kwa kuwa huauna mafunzo kuhusu alama hizo."

Anna Bernard kutoka Hospitali ya Wazee Wakoma ya Nunge iliyopo Kigamboni, alisema "watoa huduma za afya lazima waitendee haki taaluma yao hasa kwa kutanguliza upendo, huruma na kujali utu na haki ya afya kwa walemavu wote wakiwamo wanawake."

Ismaili Hamisi kutoka Hospitali ya Mwananyamala alitaja changamoto nyingine kubwa katika suala la haki ya afya ya uzazi, kuwa ni kutokuwapo vitanda maalumu kwa ajili ya wajawazito wenye ulemavu hasa wa viungo wakati wa kujifungulia.

Mwenyekiti wa Swauta, Angel Michael ambaye ana ulemavu wa viungo, alisema asilimia 10 ya watoto wanaozaliwa duniani huwa na ulemavu. Alisema ulemavu mwingine husababishwa na ajali mbalimbali zikiwamo za barabarani.

Alisema kwa kuwa hakuna sheria inayomtaka muuguzi ambebe mwanamke mlemavu anayetaka kujifungua, basi viwepo vitanda maalumu katika wodi ya wazazi ili kuwasaidia wanawake wenye ulemavu.

Ofisa Utetezi wa Mtandao wa Kimataifa wa Wanawake wa Masuala ya Haki ya Afya ya Uzazi (WGNRA), Numbilya Kiseko alisema wanawake wenye ulemavu, wana haki ya kupata huduma bora za afya ya uzazi na kinga dhidi ya magonjwa ya zinaa ukiwamo Ukimwi na mimba wasizohitaji kwa kuwa wengine hubakwa kutokana na imani za kishirikina.

Tuna maziwa ya kutosha – Mpina

Na Cheji Bakari, Tanga

WAZIRI wa Mifugo na Uvuvi, Luhaga Mpina amesema Tanzania ina mifugo ya kutosha na ikiwekewa utaratibu mzuri hakuna haja ya kuagiza maziwa nje ya nchi.

Mpina aliyasema hayo kwenye ziara yake ya Kiwanda cha kuzalisha maziwa cha Tanga Fresh jijini Tanga.

Alisema hivi sasa maziwa hapa nchini ni mengi kutokana na kuwepo viwanda vya kuchakata maziwa, ambavyo vimetakiwa kuzalisha kwa wingi na kukuza soko ili kukwepa uingizwaji wa maziwa kutoka nje ya nchi.

"Tumeweza kuona changamoto na fursa mlizonazo kuanzia kwenye mifugo mpaka uzalishaji na masoko, nawapongeza sana Tanga Fresh kwa kazi nzuri mnayofanya, hakuna sababu ya watu kuingiza maziwa kutoka nje ya nchi wakati tuna mifugo ya kutosha kutupatia maziwa," alisema.

Mpina aliutaka uongozi wa kiwanda hicho, kununua maziwa kwa wafugaji kwa bei itakayomfanya mfugaji kunufaika na uzalishaji wa mifugo yake.

Akifafanua kuhusu changamoto ya ugonjwa kwa mifugo, Waziri Mpina alisema ili kupata maziwa kwa wingi na yenye ubora, ipo haja ya kuangalia ukuaji wa mifugo hususani suala la ugonjwa wa mifugo, lishe, chanjo na mazingira wanayoishi.

Mwenyekiti wa Chama cha Ushirika wa Wafugaji wa Ng'ombe wa Maziwa mkoa wa Tanga (TDCU), Hamisi Mzee alisema changamoto kubwa inayowakabili wafugaji ni migogoro ya ardhi.

Mpina now pushes for establishment of the national pastoralists' co-operative union

By Guardian Correspondent, Tanga

LIVESTOCK and Fisheries minister Luhaga Mpina has stressed the need for the immediate establishment of the national pastoralists' cooperative union to enable the group to benefit from various training, capital and loans from the Tanzania Agricultural Development Bank (TADB).

Addressing members of the Tanga Dairies Cooperative Union (TDCU) here, Mpina wanted the cooperative union to be established and start operating by October, this year.

The minister was overwhelmed by the achievements recorded by the TDCU which consists of a number of dairy farmers in the region.

"Through their union, TDCU has been able to get modern dairy farming equipment as well as a loan amounting to 236m/- from TADB, this a very huge step, so if a national union for livestock keepers will be formed, then, majority of our pastoralists will reap big fruit their activities," he said.

He directed the ministry department of research, training and extension in collaboration with the Private Sector's desk, Tanzania Dairy Board (TDB), Tanzania Meat Board (TMB) and Heifer International to form a special task force which will supervise the establishment of the union.

"The union the pastoralists' cooperative union will bring together all pastoralists, including those faring goats, sheep, dairy cows, beef cattle, poultry, pigs, dogs, donkeys, rabbits. This will enable them to have a common voice and be able to benefit from various things including training, credit and marketing of the products they produce," he noted.

During his meeting with the management of Tanga Fresh and TDCU, Mpina urged them to prepare a strategic plan so as to purchase modern dairy farming equipment so as to increase milk production from the current 40,000 litres per day to 120,000 litres.

"The ministry's director of production and marketing in collaboration with the dairy board, TADB and Heifer International should sit down and form a joint task force and submit to the ministry a report on how to start importing the best dairy farming plants which will be distributed to various dairy cattle farmers in the country. This should be done within one week," Mpina emphasized.

For his part, TDCU chairman Hamid Mzee commended the government for taking various efforts to support Tanga Fresh Company as it was facing several challenges.

"We really appreciate the government's support, the factory almost died due to various conflicts but the government rescued it, we have been benefiting from various services including loans from TADB," he said.

Japhet Justine, TADB director said that the bank has supported the union with loans totaling 236m/- pledging to continue supporting the farmers.

In his remarks, Tanga Fresh managing director Innocent Mushi commended the government's move to support the factory saying that they continue working closely with farmers to ensure that they increase production of milk for their development.
